

Do **YOU** want to see the size and cost of government administration substantially reduced **BEFORE** more tax increases ?

I DO

Were **YOU** in Royal Square last Budget Day, supporting the **7 ANGRY MEN** in their protest against higher taxes ?

I WAS

Who wrote to our Chancellor **BEFORE** the budget debate, to ask for 600 public sector job cuts over 5 years, by natural wastage, to save £30m a year rather than raising taxes?

I DID

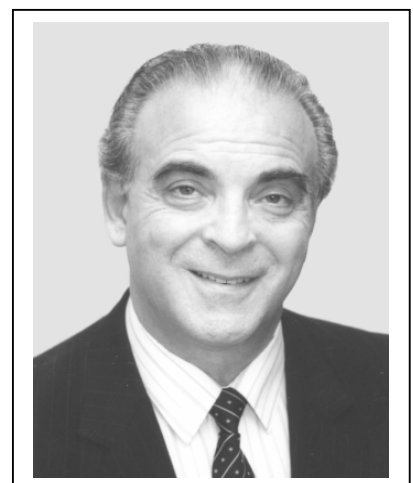

Whether you were in the Square in person that day or just there in spirit, your feelings against “taxing & spending” are clearly mine too. Make no mistake. The result of this election **WILL** affect **YOUR** future. Be sure to have a say in it.

A really strong voice, that will truly represent your views on taxes and containing government expenditure, is needed urgently in the States Assembly. So please make every effort to

USE YOUR VOTE - DON'T WASTE IT

Remember: if you don't vote, you can hardly complain afterwards if the wrong candidate is elected.
